EXECUTIVE SUMMARY & INVESTMENT CRITERIA

McNally Capital seeks to apply its hands-on experience, institutional capabilities, and proprietary value creation framework to its portfolio companies to benefit management teams in their next phase of growth and build value for McNally Capital's investors.

McNally Capital is a private equity firm targeting thesis-driven investments, specifically founder-, family-, and management-owned companies. The firm was founded in 2008 by Ward McNally, whose family owned and operated Rand McNally & Company for over 100 years. These roots provide a deep appreciation of building and scaling companies that shape industries and endure for generations. Our limited partners are comprised of like-minded institutional investors and family offices. The firm is currently investing out of McNally Capital Fund II, LP.
